Interior

### COVERAGE

125ml  
1-1.5 m<sup>2</sup>

### APPLICATION

Cloth

### DRYING TIME

Minimum 2-3  
minutes

### TOOL CLEANING

White Spirit

### Product use

Liberon Burnishing Cream is designed to clean, revive and rejuvenate highly polished surfaces such as French polish, lacquers and varnishes. Easy to use, the cream can also be used to remove haze and bloom from most modern finishes and is suitable for use on ivory, tortoise shell, mother of pearl, papier maché, brass inlays and fittings.

### Preparation

Ensure the surface is free from wax using Liberon Wax and Polish Remover.

### Application

Shake well before use. Soak a lint-free cloth with Burnishing Cream and rub vigorously, going with the grain where possible. Pay particular attention to problem areas. Allow to dry for 2 to 3 minutes then buff with a clean, dry cotton cloth.

**Important:** Always test product on a spare surface or inconspicuous area for colour, compatibility and end result.

**Precautions:** This product may affect newly applied or cracked finishes.

### Health and Safety

Harmful : contains aliphatic hydrocarbons. Flammable. Harmful: may cause lung damage if swallowed. Repeated exposure may cause skin dryness or cracking. Keep out of the reach of children. Do not empty into drains. Use only in well-ventilated areas. If swallowed do not induce vomiting: seek medical advice immediately and show this container or label.

**Risk of self-combustion for cloths or tools coated in the product. Dispose in an air-tight metal container.**

Contains 30% or more aliphatic hydrocarbons.

### Packaging

Burnishing Cream is available in 125ml, 250 ml, 500 ml, 1L and 5L containers.
